

Creating a relaxed resort style outdoor living space with bamboo is easy!

Bamboo Habitat has a wide range of styles and sizes to suit many applications!

Use Bamboo Habitat's screens for fence cladding or architectural features such as:

- Private outdoor living spaces
- Bar, pool and spa surrounds
- Balconies and verandahs
- Overhead shade solutions
- Commercial landscapes and interiors

All Bamboo Habitat's bamboo poles are complete, they are not split to ensure the screens are structural, they are also all capped at the top to aid in weather proofing!

All Bamboo Habitat panels are internally strung with 3mm galvanised wire for strength and to ensure seamless good looks.

All Bamboo Habitat panels are easy-to-install, readily available, will not rot and are resistant to termites!

Check out Bamboo Habitat's new range of smoked bamboo panels which offer customers a dark, smokey, rustic finish which complements today's modern tropical designs beautifully.

Set the scene with a natural bamboo screen from Bamboo Habitat!

BAMBOO

HABITAT

NATURAL • UNIQUE • BEAUTIFUL
